MEMORANDUM FOR: AFCIC-5
Headquarters USAF

21 FEB 1961

ATTENTION: Colonel Leo P. Geary

SUBJECT: Request for Air Command and Staff School Deferment

1. [redacted] the Senior Weather Officer assigned to us here by the Air Weather Service, has been selected to attend the Air Command and Staff School in the class beginning September 1961.

2. Although [redacted] has indicated a definite desire to attend the Air Command and Staff School, he would like to be deferred for one year. He has informally contacted Headquarters Air Weather Service (Lt. Colonel Gaertner), who has indicated agreement with his request for deferment. However, since the Air Command and Staff School is quite sought after, it has been our understanding that the policy of most major command Headquarters (MATS in this case) frown upon deferrals.

3. With the increasing activity of integration of weather procedures, equipment installation, and other weather planning factors for the new program, [redacted] knowledge, competence, and wide experience would be of a great assist for insuring orderly and effective weather service. Anything you can do to assist in obtaining [redacted] deferment for one year would be greatly appreciated.
